Hi Kim,

I don't know whether it was an oversight or you think it not necessary for me to be included in the Wolverine core team. Primarily my role is to identify and facilitate transfer of ORD technical support to Michael (and more generally SF and RCRA). So, I can work directly with Michael and other SF/RCRA staff and do not need to be included in broader non-waste meetings and discussions. However, the more I can stay informed on developments and issues, the better and more timely I can find and access the most appropriate ORD support.

Let me know what you think.

Thanks, Chuck

Charles G. Maurice, Ph.D.  
 Superfund & Technology Liaison to EPA Reg 5

Hi Michael – Regarding your question of MDEQ/EPA coordination and a face-to-face meeting, let's defer that discussion for the MDEQ/R5 Wolverine joint team meeting. We are awaiting the list of MDEQ staffers to be identified for this team but I'm guessing that David O'Donnell will be one of those selected - and the first meeting to be scheduled ASAP. Seems more efficient to have one joint state/EPA team outlining next steps than proceeding with separate plans and agreements. Also, the MDEQ Director noted yesterday that they soon will be sending R5 a list of where they want EPA's assistance (and based on yesterday's discussions, yes- risk communication help might be one of those tasks). I suggest that we wait to see the universe of requested tasks before making commitments.

All - based on your feedback and those from management, below is the final EPA participant list for the Wolverine MDEQ/R5 joint team. For consistency, let's use the same lists in our communications and for your convenience, I'll forward you the two Wolverine Group lists that I've created (team core list and a larger communication list).

Let me know if you have changes and do expect revisions after we receive the MDEQ staff names.

Thanks,  
Kim

### WOLVERINE CORE TEAM MEMBERS

(To attend both the weekly R5 internal mtgs and joint MDEQ mtgs)

Name	Division	Program	Title
Asque, Gillian	ORC	MMBII-S3	Attorney
Kimble, Jeff	Superfund	SF-Emergency Response Branch	On Scene Coordinator
Clark, Jacqueline	ORC	MMBII-S2	Attorney
Dodds, Jennifer	Land and Chemicals	Remediation and Reuse Branch	Ecologist
Gangwisch, Bryan	Land and Chemicals	RCRA Branch	Environmental Scientist
Harris, Kimberly	Water	Groundwater Drinking Water Branch	Life Scientist
Johnson, Mark	Superfund	CDC-ATSDR	Regional Director
Lippert, Allison	ORA	Office of External Communications	Public Affairs Specialist
Mangino, Mario	Land and Chemicals	Remediation and Reuse Branch	Toxicologist
Mankowski, Matthew	Superfund	SF-Emergency Response Branch	Section Chief
Newman, Erin	Air and Radiation	Air Toxics and Assessment Branch	Environmental Scientist
Williams, Thomas	ORC	MMB-BII S3	Attorney
Wilson, Jennifer	Water	Groundwater Drinking Water Branch	Environmental Engineer
Zintek, Lawrence	Resources Management	Chicago Regional Lab	Chemist

**Subject:** FW: Project Coordination Meeting 12/7/17

All,

I am forwarding the slide deck for yesterday's coordination meeting between MDEQ, Health Departments and Wolverine. I will continue to forward these.

# Ex. 5 - Deliberative Process

O'Donnell and I also talked about getting EPA and MDEQ together to discuss data and project coordination. I suggest that we try to find a time to do this in Rockford. Given the anecdotal information that MDEQ has on disposal practices, it may be good to include attorneys in this meeting. We can also split that off too, if that makes sense. As we are approaching the holidays, what is everyone's availability for what would likely be an overnight trip in the coming weeks?

Thanks,  
Michael
